

2023/24 Fee Abatement Application Process

1. Create an account with SSS – [Click here to start](#)
2. Complete the Personal Financial Statement
3. Link our school to the application on section 5.
4. Once the PFS has been submitted, you will be asked to pay the SSS fee, but this fee may be waived depending on your household income.
5. In January 2023 - Upload your 2022 W-2 and 2021 Tax Return to the portal.

After completing the Personal Financial Statement, wait until January to upload the remaining documents. We will need to review your 2022 W-2s and most recent Tax Return to complete the application. After we receive the PFS and tax documents, we will review and advise if you are eligible and the level of abatement. The deadline to submit the PFS and tax documents is **February 1st**.

Many of our families will receive fee abatements. The amount of our fee abatements will range depending on a variety of factors and is in the sole discretion of TEL. Not all families that apply will receive fee abatements.
